INTERGOVERNMENTAL REVIEW

CLEARINGHOUSE REPORT

May 16-31, 2007

SOUTHERN CALIFORNIA ASSOCIATION OF GOVERNMENTS

INTERGOVERNMENTAL REVIEW CLEARINGHOUSE REPORT

This Intergovernmental Review Clearinghouse Report summarizes the federal grant applications, environmental documents and other information received by SCAG's Intergovernmental Review (IGR) Section during the period **May 16 through May 31, 2007**. The Clearinghouse Report consists of two sections, Federal Grant Listing and Environmental Documentation Listing.

The Federal Grant Listing is provided to inform your organization of all grant applications for federal assistance from our region in accordance with Executive Order 12372. The listing includes state sponsored plans and project types such as Housing and Community Development, Urban Mass Transit, and Human Services. The Environmental Documentation Listing describes regionally significant and non-regionally significant facilities (e.g., transportation, wastewater treatment), residential, commercial and industrial projects which have been voluntarily submitted for review by local governments. Environmental documents received include Notices of Preparation, Environmental Impact Reports, Environmental Impact Statements, Negative Declarations and Mitigated Negative Declarations.

A SCAG Project Identification Number organizes project descriptions for both the Federal Grant and Environmental Documentation listings.

IGR CONTACT

To include the interest of your jurisdiction or comment on proposed comprehensive planning, areawide coordination or environmental impacts please contact the IGR Section prior to **June 15, 2007**. Please send one (1) copy of all environmental documentation. Also, please provide the name and telephone number of the contact person on your transmittal. We may be reached at:

Mailing Address:	Southern California Association of Governments Intergovernmental Review Section 818 West Seventh Street, 12 th Floor Los Angeles, CA 90017-3435
Telephone:	(213) 236-1800
Fax:	(213) 236-1963

Questions regarding the Clearinghouse Report should be directed to Laverne Jones, (213) 236-1857.

Project Title: Estrella Subdivision
Reg. Significance: Yes
Lead Agency: City of Calexico
City/County/Subregion: Calexico/Imperial/Imperial Valley
Contact: Armando G. Villa - (909) 674-3124
Comment Due Date: 6/25/2007

Project Description: The project proposes to construct 635 residential units, an elementary school to serve up to 770 students, park space, open areas/pedestrian linkages, and streets/parkways. Additionally, a 9-acre open retention basin is proposed along the western edge of the project. The open retention basin will be landscaped, and will include an easement for a major above ground Imperial Irrigation District (IID) power line. The proposed project is located in southern Imperial County, and within the sphere of influence of Calexico. The approximate 16-acre project site is bounded on the north by Jasper Road, on the east by Meadow Road (and the Alder Canal), on the south by the Central Main Canal, and on the west by the Calexico city limits.

SCAG ID. No.: I20070299
Document Type: EIR
Project Title: Santa Fe Subdivision Project
Reg. Significance: Yes
Lead Agency: City of Calexico
City/County/Subregion: Calexico/Imperial/Imperial Valley
Contact: Armando G. Villa - (909) 674-3124
Comment Due Date: 6/29/2007

Project Description: The proposed Santa Fe Subdivision development is located near the southwest corner of Jasper Road and Bowker Road in Imperial County, California. The proposed project as a whole is bound to the north of Jasper Road, to the west by the proposed Palazzo residential development, to the south by the Central Main and Alder Canals, and to the east by Bowker Road.

The project proposes to construct 709 single family homes (minimum of 6,000 square feet), 19.68 acres of condominium units, and 17.51 acres of commercial development.

SCAG ID. No.: I20070300
Document Type: EIR
Project Title: Amargosa Creek Specific Plan
Reg. Significance: Yes
Lead Agency: City of Lancaster
City/County/Subregion: Lancaster/Los Angeles/North Los Angeles County
Contact: Brian Ludicke - (661) 723-6128
Comment Due Date: 7/2/2007

Project Description: The Amargosa Creek Specific Plan is comprised of two major districts: the commercial district and the medical district. It is anticipated that the square footage

in the commercial district would be between 1.1 and 1.6 million square feet and would be built out over approximately ten years. The medical district would consist of approximately 656,200 square feet of medical uses and one 1,000 space parking structure to be built out over 25 years.

The proposed project consists of a total of 152 acres in the City of Lancaster, within Los Angeles County, California. The proposed project is bound by 10th Street West on the west, Avenue K-8 on the north, 5th Street West right-of-way on the east, and Avenue L on the south.

Documents Received: May 21, 2007

SCAG ID. No.: I20070305
Document Type: NOP
Project Title: Master's College Master Plan; Master Case #04-496
Reg. Significance: No
Lead Agency: City of Santa Clarita
City/County/Subregion: Santa Clarita/Los Angeles/North Los Angeles County
Contact: James Chow - (661) 255-4330
Comment Due Date: 6/20/2007

Project Description: This study has been prepared for the compilation and implementation of a Master Plan for the Master's College, associated land use designation amendments and tentative tract map for the creation of lots on land owned by The Master's College.

- A Master Plan is required in order to establish a procedure by which multiple uses and development for The Master's College campus can be evaluated, considered, and approved concurrently, thereby reducing processing time and uncertainty by eliminating the need for multiple entitlements to be obtained over the life of the development project.
- A General Plan Amendment to the Land Use Element and to the Circulation Element is required for consistency between the proposed ones.
- A Zone Change is needed to ensure the General Plan and zoning designations of the project area are consistent.
- The Tentative Tract Map is required for the creation of 54 attached condominium residential units for future development.
- The Hillside Review Permit is required for any site where the average cross slope of the property exceeds 10%.
- A Conditional Use Permit is required because some of the proposed buildings at the college campus and the residential units exceed 35 feet in height and two stories.
- The project site is within the City's Ridgeline Preservation Overlay Zone.
- An Oak Tree Permit is required because there are a substantial number of oak trees on or around the project area and surrounding parcels that would be impacted with the proposed renovations to the existing college facilities, the new entrance and proposed buildings on the campus, and the grading that would occur with the installation of Dockweiler Drive and the tentative tract map.
- In addition, this proposal includes the movement of approximately 1.1 million cubic yards of earth for the installation of Dockweiler Drive, the development of the new entrance to the College, and the grading for the proposed pads for the attached multifamily units.

SCAG ID. No.: I20070306
Document Type: NOP
Project Title: South Los Angeles Wetlands Park Project
Reg. Significance: No
Lead Agency: City of Los Angeles, Department of Public Works
City/County/Subregion: City of Los Angeles/Los Angeles/Los Angeles City
Contact: James Doty - (213) 485-5759
Comment Due Date: 6/21/2006

Project Description: The City is proposing to construct a 9-acre wetlands park (known as the South Los Angeles Wetlands Park, or Wetlands Park) in the Southeast Los Angeles community of the city. The proposed 9-acre site is owned by the Los Angeles County Metropolitan Transportation Authority (Metro) and is an existing bus yard. Metro has agreed to sell the property to the City.

The Wetlands Park is proposed at 5413 S. Avalon Boulevard in South Los Angeles. The proposed site for the Wetlands Park is bordered by 54th Street to the north and 55th Street to the south between Avalon Boulevard and San Pedro Street. The City is proposing to construct a 9-acre wetlands park at this site to improve area stormwater quality and to provide recreational space for the surrounding community.

Project Title: Conditional Use Permit CUP 06-1058
Reg. Significance: No
Lead Agency: City of Perris
City/County/Subregion: Perris/Riverside/Western Riverside
Contact: Joann Lombardo - (949) 650-3206
Comment Due Date: 6/18/2007

Project Description: The proposed project requests approval of a Major Modification to Conditional Use Permit 91-27 for the expansion of the Perris Materials Recovery Facility. The facility serves as the primary waste transfer and recycling site for Southwest Riverside County including the cities of Temecula, Lake Elsinore, Hemet, Perris, San Jacinto, and Canyon Lake as well as the surrounding unincorporated communities.

SCAG ID. No.: I20070317
Document Type: EIR
Project Title: Spyglass Ranch Specific Plan
Reg. Significance: Yes
Lead Agency: City of Lake Elsinore
City/County/Subregion: Lake Elsinore/Riverside/Western Riverside
Contact: Wendy Worthey - (951) 674-3124
Comment Due Date: 7/5/2007

Project Description: The proposed project includes a Specific Plan, General Plan Amendment, Zone Change and Tentative Tract Map for an approximately 260-acre master planned community that includes single-family and multi-family residences, a Community Center, public parks, roadways, and landscaped open spaces. The project includes an option that allows for commercial-retail uses if multi-family residential units are not developed within the project site. The commercial-retail uses would be located only where the multi-family residential units are currently proposed. As currently proposed, the site would provide approximately 1,035 housing units in a variety of styles at an overall average density of 4.0 dwelling units per acre (du/ac).

Lead Agency: City of Irvine
City/County/Subregion: Irvine/Orange/Orange County
Contact: Katie Berg - (949) 724-7347
Comment Due Date: 6/20/2007

Project Description: The project proposes as 11-foot wide paved bikeway with a two foot wide unpaved shoulder on each side along the northern side of Bonita Canyon Drive from Shady Canyon Drive to SR-73. In addition, the proposed Project would include standard light poles and signage. The proposed project would serve to complete the existing Bonita Canyon Drive Class I Bikeway, which currently terminates at SR-73. The proposed project would extend Bonita Canyon Drive bikeway to connect at the crossroads of the existing Shady Canyon Drive Class I Bikeway and the future Culver Drive Class I Bikeway.

Lead Agency: City of Glendale
City/County/Subregion: Glendale/Los Angeles/Arroyo Verdugo
Contact: David Ahern - (818) 548-2005
Comment Due Date: 7/9/2007

Project Description: The project site is located at the corner of Wilson Avenue and Orange Street in Glendale, California. The site location is generally one block west of Brand Boulevard, one block east of Central Avenue, and roughly one block north of the Glendale Galleria.

The Project is a 201 unit mixed residential development with approximately 2,600 square feet (sf) of ground floor restaurant/retail. The development includes two twelve story towers on top of four level of above grade parking thereby totaling sixteen stories. Maximum overall building height is sixteen stories and 198 feet to the top of mechanical penthouse.

Comment Due Date: 6/25/2007

Project Description: The project proposes to implement an SEZ designation, as granted by the California Department of Housing and Community Development, within the City of Los Angeles to provide a business incentive zone designed to attract new business and retain

existing businesses and jobs. The project will permit businesses located within the zone to take state tax credits and deductions, and receive City benefits including, but not limited to, a Department of Water and Power electric rate subsidy. The proposed SEZ designation covers portions of the East Valley, Hollywood, and Central Los Angeles areas totaling approximately 80 square miles within Los Angeles, California.

Project Title: Interstate 15 (I-15) at Ranchero Road Between US 395/I-15 Junction and Oak Hill Road/I-15 Interchanges in San Bernardino County
Reg. Significance: No
Lead Agency: City of Hesperia
City/County/Subregion: County of San Bernardino/San Bernardino/San Bernardino
Contact: David R. Burkett - (760) 947-1202
Comment Due Date: 6/24/2007

Project Description: City of Hesperia in cooperation with Caltrans District 8, proposes the construction of a new interchange at Interstate 15 (I-15) and Ranchero Road. Caltrans will be the California Environmental Quality Act (CEQA) lead agency and acts as a liaison on behalf of the Federal Highway Administration (FHWA), the federal lead agency, pursuant to the National Environmental Policy Act (NEPA). The proposed project will also reduce congestion by accommodating future traffic demand and reducing vehicle delay at the Main Street/I-15 Interchange and the Oak Hill Road/I-15 Interchange.

Project Title: Telemedicine/PRIME-LC Facility Project
Reg. Significance: No
Lead Agency: University of California, Irvine
City/County/Subregion: Irvine/Orange/Orange County
Contact: Alex Marks, AICP - (949) 824-8692
Comment Due Date: 6/19/2007

Project Description: Implementation of the proposed project would result in the construction of a Telemedicine/PRIME-LC building that is approximately 65,000 gross square feet (GSF) of new space on the University of California, Irvine (UCI) campus to serve UCI's School of Medicine. The project site is within the campus' Health Sciences Complex. The proposed project will have a footprint of approximately 17,000 square feet and consist of four floors and a partially finished basement. Project construction activities would involve site grading, site utilities, building construction, and site improvements.

Reg. Significance: No
Lead Agency: Riverside County Transportation Department
City/County/Subregion: County of Riverside/Riverside/Coachella Valley
Contact: Laurie Dobson Correa - (951) 955-2016
Comment Due Date: 6/11/2007

Project Description: The document assesses the impacts of the proposed widening of State Route 79 North (Winchester Road) from two to four lanes between Thompson Road and Whispering heights parkway, a distance of 1.47 miles. The project proposes to fill in gaps in pavement between existing road improvements to provide a continuous four lane section. The improvements would be done in two segments a total of 0.60 miles in length.

Project Title: Desert Lakes
Reg. Significance: Yes
Lead Agency: City of El Centro
City/County/Subregion: El Centro/Imperial/Imperial Valley
Contact: Norma Villicana - (760) 337-4549
Comment Due Date: 6/29/2007

Project Description: The Desert Lakes project site consists of approximately 1,240 acres of farmland currently within the county of Imperial, but located adjacent to the southeastern limits of the city of El Centro. The project site is bounded by Interstate 8 to the north; Highway 111 to the east; McCabe Road to the south; and the Imperial Valley Mall to the west.

The 1,240-acre Desert Lakes project would consist of six different land use designations: low density residential, medium density residential, high-medium

density residential, civic-public facilities, public, and general commercial. The residential component includes a total of 6,064 single- and multi-family units. The residential nits would consist of 901 town homes; 694 multi-family apartments; 1,527 single-family units on 5,000-square-foot lots; 1,039 single-family units on 6,000-square-foot lots; and 1,903 clusters single-family units. The project also proposes 13 acres of commercial development; a 28-acre employment center; five schools (80 acres); 54.5 acres of parkland; a fire substation (2 acres); a community center (2.5 acres); an Imperial Irrigation District (IID) substation (2.4 acres); a church (9.5 acres); and two lakes which would serve to retain 100-year storm water flows on-site.

Project Title: Village of Porto Romano Specific Plan
Reg. Significance: Yes
Lead Agency: City of Lake Elsinore
City/County/Subregion: Lake Elsinore/Riverside/Western Riverside
Contact: Wendy Worthey - (951) 674-3124
Comment Due Date: 7/13/2007

Project Description: The proposed project includes a Specific Plan, General Plan Amendment, Zone Change and Tentative Tract Map for a 146-acre master planned community that include housing, a pedestrian-oriented mixed-use Village Center, public parks, roadways, and landscaped open spaces. The site would provide approximately 1,488 housing units in a variety of styles at an average density of 10 gross dwelling units per acre (du/ac). The Village Center would include approximately 130,000 square feet of neighborhood business and retail opportunities in a Village Center setting around a Village Green.

Comment Due Date: 7/5/2007

Project Description: Generally described as: north side of Hueneme Blvd., east of Edison Drive, west of Olds Road, and south of Tierra Vista and Villa Capri Neighborhood, within the City's Southeast Community.

The Northern Subarea consists of approximately 322 acres of the Study Area lying north of Hueneme Road that is currently used for agriculture. The SouthShort Specific Plan proposes to provide a mix of uses including up to 1,283 residential dwelling units of varying types and densities; an elementary school; a high school; a community park; neighborhood parks; an 18-acre lake; a mixed-use commercial marketplace; light industrial uses; and open spaces and trails. The SouthShore Specific Plan also proposes a system of public facilities and service infrastructure to support the proposed development. Development of the Northern Subarea will require approximately 450,000 cubic yards of fill material. The fill would consist of sub-soil to be obtained from dredging material supplied by Ventura County. Soil transfer is projected to occur over an 11 to 12 week period.

Lead Agency: City of Santa Monica
City/County/Subregion: Santa Monica/Los Angeles/Westside
Contact: Eugenia Chusid - (310) 434-2618
Comment Due Date: 7/9/2007

Project Description: The City of Santa Monica, in cooperation with Caltrans and the Federal Highway Administration, is proposing to reconstruct the structurally deficient California incline to meet current seismic standards. The incline extends from the intersection of Ocean and California Avenues at the top of the Palisades Bluffs to State Route 1 (SR-1). The proposed project entails demolition of the existing structure and construction of a new incline at the same location.

Project Title: Calko Steel Expansion Project (Southeast Los Angeles)
Reg. Significance: No
Lead Agency: Community Redevelopment Agency of the City of Los Angeles
City/County/Subregion: City of Los Angeles/Los Angeles/Los Angeles City
Contact: Robert Manford - (213) 977-1912
Comment Due Date: 6/22/2007

Project Description: The Proposed Project entails the development of new warehouse/office buildings, which would serve to expand the operations at Calko Steel's existing Stanford Avenue site (6700-6800 S. Stanford Avenue). The proposed Project includes the acquisition of the project site, an 87,416 square foot vacant parcel (6900 S. Stanford Avenue) located directly south of Calko Steel's existing Stanford Avenue facility, for the construction and operation of a 52,756 square foot facility, which would be approximately 92 percent warehouse and 8 percent office related uses on the existing vacant lot. The proposed facility would be comprised of a 48,550 square feet of a high-ceiling single-story warehouse facility and 4,206 square foot two-story office building.

The project site is located within the Council District Nine Corridors South of the Santa Monica Freeway Recovery Redevelopment Project Area. The project site address is 6900 S. Stanford Avenue. The site is a vacant lot that has been capped with asphalt and surrounded by a chain link fence.
